

FINANCE MODULE

MANAGE & TRACK
PROJECT FINANCES

Clockwork's Finance Module provides a single solution for project billing, commissions, and finance reporting in the same platform you manage your search projects.

Payments

Log, track, and reconcile payments due, payments received, and outstanding balances by Client across projects.

Commissions

Store and manage user commission splits within each project.

Reports

Run, view, and download financial reports across projects by Team Member or Client.

Privacy

Set permissions to restrict access to sensitive financial data.

Streamline your project finances

Tired of having to integrate so many different tools? Manage your search projects and their related finances in one streamlined location using Clockwork's Finance Module. From logging payment schedules to documenting user commissions to viewing and reporting on finances across projects and clients, Clockwork's Finance Module gives* you a convenient, powerful way to stay on top of your project finances.

**Finance Module is an add-on feature. Additional subscription fees apply.*
